LANGUAGES

- French
- English
- Japanese

PROFIL

Passionate web developer, recently graduated with a Full Stack certificate (Bac+2), with strong skills in front-end and back-end development. Certified in interactive 3D animations (WebGL, Three.js) by Bruno Simon.
I work with technologies such as Vue.js, PHP, and Symfony, and I am currently training full-time at OpenClassrooms to obtain the title of Software Designer Developer, with a specialization in artificial intelligence.
Passionate about front-end development, I am looking for an internship or a first job to practice my user interface skills, deepen my knowledge, and contribute to innovative AI-related projects.
